Sury,

Attached are my latest comments on the genotoxicity section. For the most part, my comments are very minor.

Ex. 5 Deliberative Process (DP)

Please let me know if I can be of further assistance with this section.

Hi Brian,

I addressed all your comments and made edits. Check the draft genetox one more time and return me back with your comments if any by COB tomorrow (06122013). The clean version has today's date in the file name.

I will get on to the TK section again.
